## WHITE HOUSE CONSIDERS PROBLEM

Raising Embargo in View of Tampico Victory is Now Question of Hour

### REPORTS THAT HUERTA FLEES DISCREDITED

Mediators Defer Going to Niagara Falls Until Next Saturday

WASHINGTON, May 14.—President Wilson this morning conferred with Chairman Stone of the Senate foreign relations committee regarding the advisability of permitting Mexican rebels to take arms into Tampico. To permit this, it was agreed, would amount to a virtual recognition of their belligerency. The question of what it means to the United States to prevent the importation of arms was also discussed, but no conclusions were announced.

### REBEL AVIATOR DROPS BOMBS AT MAZATLAN

A rebel aviator is reported as dropping bombs upon the federal defenders at Mazatlan again today although the rebel commanders were requested to cease this operation by American and German naval commanders there. It is stated, however, that he is carefully respecting the neutrality zone.

### DO NOT BELIEVE HUERTA IS ON THE RUN AS YET

A report based on private messages received at San Francisco that Huerta was en route to the west coast was not taken seriously in administration circles, as a similar rumor was started a week ago by the rebels. It is believed here that this rumor has just reached the Mexican west coast and is the basis for the San Francisco messages. It is known that Huerta was in the Mexican capital last night, with no apparent intention of leaving. The impression exists here that if he does flee he will go to Puebla, but it is not believed he will run unless Villa approaches Mexico City.

Will Await Developments  
The peace mediators with the American representatives, today decided to start for Niagara Falls next Saturday instead of tonight.

### SAN FRANCISCO HEARS THAT HUERTA FLEES

SAN FRANCISCO, May 14.—Private dispatches received this morning say that Huerta is reported as headed for the west Mexican coast. The messages indicate that Admiral Howard's fleet is aware of the report and that the cruisers Cleveland, Denver and Maryland, which left Mazatlan for the south several days ago, are watching for him. The Mexican gunboat Guerrero left Manzanillo for Salina Cruz recently. One theory is that the cruiser went there to take Huerta aboard.

## MELLEN BEGINS TALE OF HIGH FINANCE

Story Will Be Most Amazing of Its Kind Ever Related in America

### TO TELL COMMISSION HOW DEALS HELPED FINANCIERS

Morgan Made Him Head of New Haven Road—Identity of Men Who Made Deals is Sought

WASHINGTON, May 14.—Former President Charles S. Mellen of the New York, New Haven & Hartford Railroad today began before the Interstate Commerce Commission the narration of what promises to be the most amazing story of high finance ever related in America.

Mellen will publicly declare the plans of the entire plot by which legislatures and city governments were purchased and entire railway systems manipulated for the benefit of Wall Street financiers. He merely laid the ground work today for his amazing story, and was then excused to go to New England for documentary evidence. He will resume his story on Tuesday.

The principal fact developed today was that J. Pierpont Morgan put him (Mellen) at the head of the New Haven road. He wanted to tell of the manipulations that made him the guiding spirit of the New England railroads, but Chief Counsel Folk for the commission side-tracked him. He then described certain stock acquisitions.

The commission plans when he is recalled to learn the identity of the men who directed him to push the deals.

Mellen admitted that the directors of the New Haven road put \$1,200,000 at his disposal to be used in acquiring 24,000 shares of the New York, Westchester & Boston Railroad from "persons of influence." He asserted that he did not know how to identify these people as he did much of his business through the late Tom Byrnes, who negotiated for the Westchester shares. He admitted, however, that the people were paid for them in a personal due bill. Asked if he could identify the persons to whom the money was paid, he said:

"They were all alike. They would get by my clerks and slide into the office, pull an envelope from the pocket, take a paper out and say 'I have here your personal due bill for \$10,000,' or some such sum. I would then look and see if it was in my handwriting. They would never take a check, so I would send out and get the money and pay them, tearing up the due bills and throwing the scraps in the sewer. I know none of these people, but from their noses should judge they came from New York's East Side."

Asked flatly whether money had been used to bribe the New York officials, Mellen balked at the word "bribery," saying it went to persons of influence.

The girls gave their ages as eighteen and twenty, but the police believe them to be much younger. The girls were taken into custody but were later turned over to their parents. When the case was called today, Judge Sullivan transferred them to the juvenile court.

In conferring L.L.D. upon the four distinguished men of science, President Wheeler characterized them comprehensively in these words:

"Eugene Waldemar Hilgard—pioneer in the use of ordered knowledge to bring food for the peoples from the breast of the earth.

"George Holmes Howison—a masterful teacher gifted to establish the ideal as a veritable real and make it a saving power in the lives of men.

"James Monroe Taylor—who has brought to the solution of delicate problems of education high faith, good cheer and sturdy common sense.

## TAMPICO IN ENTIRE CONTROL OF REBELS

City Taken After Three Days Bombardment—Mayo May Enter Panuco River In Aid of the Wounded

WASHINGTON, May 14.—Secretary of the Navy Daniels sent a wireless message to Admiral Mayo today, giving authority to enter the Panuco river if he sees fit in order to relieve the wounded at Tampico and if necessary to aid the representatives of the oil interests there. Admiral Mayo had made an official report to the effect that the rebels seem to be in entire control of the city, which the federals evacuated.

The White House announced that General Carranza has authorized the entrance of foreign civilians into the Tampico oil districts to operate the oil wells located there.

The Taking of the City  
Tampico, the Mexican east coast seaport second in importance only to Vera Cruz, was stormed and captured by the Constitutionalists late yesterday. The federal garrison of several thousand men, under General Zaragoza, after withstanding a three-day bombardment, were driven out of the city and were reported to have retreated by rail toward San Luis Potosi, hoping to effect a junction with a line reaching into Mexico City.

Advices at the Navy Department were that the federals fought every inch of the way before giving up the city, but it is considered possible that some of this fighting may have been in the nature of a rear guard action, holding the Constitutionalists at bay while the garrison retreated.

When the city was hopelessly lost, the federal gunboats Bravo and Zaragoza, which had shelled the Constitutional lines without effect, fled from their positions in the Panuco river and took shelter under the guns of foreign warships lying in the harbor.

French ordinance captured by General Francisco Villa at Torreon is believed to have made possible the speedy taking of Tampico.

### GEN. MAAS SUCCEEDED IN VERA CRUZ COMMAND

Believed That His Belligerent Attitude Worried Huerta in Present Crisis

JUAREZ, May 14.—"My congratulations to General Gonzales. We will meet soon in Mexico City," was the message telegraphed here today by Villa to be relayed to General Gonzales, the conqueror of Tampico. The constitutionalists swarmed about the telegraph office today for news from the fallen city. Excited, shouting, gesticulating groups were at every corner. On all hands were predictions of an early march to the Mexican capital.

Military men expressed the opinion that the federals will evacuate Saltillo without resistance, concentrating at San Luis Potosi, for a last stand before retreating to the capital. It is believed that the forces of General Zaragoza, the defeated federal commander of Tampico, are fleeing from the latter city.

## ONLY WORTH WHILE WHEN LIVED DAILY

At the men's supper at the First Christian Church last night Judge W. H. Thomas was the speaker. The speaker dwelt upon the idea of carrying Christianity into every-day living. He said that Christianity that is not lived out daily is not Christianity at all, and is worthless to the man who professes it and to the church with which he affiliates.

He declared that principles of square dealing should be adhered to by every business man, and particularly by the business man who has taken a stand in church life. People who criticize churches, church members and preachers will pick out the narrowest, least Christianlike member of the church and hold him up as a sample of the entire church. That is unfair criticism.

The supper was one of the monthly affairs given for the men of the church. Rev. Paul E. Wright, the pastor, has made these meetings successful, and with the co-operation of the ladies of the church never fails to serve an attractive, wholesome and bounteous supper.

Last night a feature was music played by Tony and Josef Wobora, Bohemians, who are on a ranch near here. One played an accordion and the other a violin. Bohemian music only was given. Rev. Wright pointing out that the plaintive note that runs through all Bohemian music is the result of long years of oppression.

## COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

## SHEPARD OF TEXAS PLEDGES BATTLE FOR PROHIBITION

WASHINGTON, May 14.—Senator Shepard of Texas, addressing the Senate yesterday in support of a national prohibition by constitutional amendment, congratulated the House caucus on its refusal to make the liquor question a party issue. He declared the demand for prohibition to be far wider than the lines of any party and pledged an unceasing fight to bring it safely through Congress.

More than \$250,000,000 is paid into the federal treasury by liquor industries each year and more than 1,000,000 persons will be out of work if prohibition becomes nation-wide, according to Secretary John Debar in his annual report yesterday to the National Wholesale Liquor Dealers' Association in convention here.

Debar declared that unless the government works out a system of compensation, millions of dollars' worth of property will be confiscated.

## IN THE JUSTICE COURT

## GARDEN RAKE USED ON FACE OF I. O. WILSON

With Assault With a Deadly Weapon

A garden rake was the weapon used in an encounter that occurred yesterday a mile west of Garden Grove on the line between places owned by Frank C. Kent and I. O. Wilson, a well known real estate man of Santa Ana. In the hands of Kent, the rake was applied to Wilson's head, with the result that Wilson's face is considerably mutilated. Mrs. Kent joined in the fracas and engaged Ray Wilson, son of I. O., in combat. I. O. had Kent down on the ground when two spectators came up and put an end to violence.

Kent was arrested, and today gave \$1000 bail for his appearance on May 23 for a preliminary examination upon a charge of assault with a deadly weapon with intent to commit murder. The deadly weapon referred to is the garden rake.

The trouble between the Kents and Wilson is of some months standing. Kent owns five acres, and Wilson fifteen. Kent has a half-interest in a windmill and tank on the Wilson place. There was a difference of opinion as to the interest in a pumping plant. Wilson asserts that Kent had no interest in the latter. Wilson says that Kent drained the domestic tank by using the water for irrigating his place. Kent says Wilson violated the contract by using the domestic water supply to cool the pumping plant engine.

Yesterday Wilson had two men hired to irrigate the place, but found the domestic tank dry, hence no water to cool the engine.

Wilson and his son arrived, and proceeded to the line, there to discuss the situation with Kent, with whom Wilson had other discussions that night tended to promote friendly relations.

The stories of what occurred thereafter do not agree, and it will be up to the courts to thresh them out.

Wilson states that as he and Ray arrived he stated that Kent had no right to run the tank dry. Mrs. Kent ordered them away, and without another word Kent rushed at him and swung on him with a garden rake, breaking it over Wilson's head, ripping the skin down the right cheek, a prong cutting the lip, others leaving marks on forehead, eyebrow and neck.

Wilson says that Kent then used the rake handle as a club, striking Wilson behind the ear with it. Mrs. Kent rushed up and pounded Wilson on the back. Then Kent swung on Ray with the club, hit him over the ear, cutting the scalp and knocked him down. Mrs. Kent rushed at Ray. I. O. grappled with Kent and threw him down, and had delivered one or two punches on Kent's face when the two men who had been hired to irrigate Wilson's place ran up and separated the combatants.

Kent at the county jail this morning stated that Mrs. Kent ordered Wilson and Ray off the place, and that immediately Wilson attacked Kent, striking him with his fist. Kent says he then defended himself, using the rake for an instant only. He says that he was attacked by both Wilson and Ray, and that Mrs. Kent then ran out and seized Ray. It was at about this time that the fracas was brought to an end by the outsiders.

Attorneys Williams & Rutan appeared for Kent in justice's court this morning.

## IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

## THERE IS A DIFFERENCE--

Tennyson or Longfellow could take a worthless sheet of paper, write a poem on it and make it worth \$5000. That's genius.

The mechanic can take material worth \$5, and make it into watch springs worth \$1000. That's skill.

A ditch digger works ten hours a day and handles several yards of earth for \$2.50. That's labor.

A merchant can take an article worth 75c and sell it for \$1. That's business.

Rockefeller can write a few words on a sheet of paper and make it worth \$5,000,000. That's capital.

The United States can take an ounce of gold and stamp an eagle bird on it and make it worth \$20. That's money.

COZAD has built up a large business on West Fourth street by his extremely low prices. That's enterprise.

A woman can buy a hat for \$2.00, but prefers one that costs \$25. That's foolishness.

The writer of this can write a check for \$90,000,000. But it would not be worth a dime. That's rough.

Other grocers may tell you that they can sell groceries cheaper than COZAD. That's gall.

## MAKING ONE'S PLACE

It does not matter much what one's position may be, so long as one fills it well. The main thing is to make, find and fit into one's place, whatever the place may be; and when one does that all other things take care of themselves. There is no superiority but in superiority of service. The way up is always open to all climbers.

The enthusiast who put his life into the making of the first rude lens did a humble thing, yet he lifted mankind nearer to myriads of new worlds. The man or woman who only adds columns of figures, if they always be added right, is a very bulwark of successful business. True merit does not wait for recognition; it asserts itself.

No one can bunko the world very long. One may fool an employer for a while, but one cannot fool nature for a minute. Every step must be forward or backward. There is no side-stepping or standing still. He who does not advance, falls back; he who stops, is distanced; he who does not grow, shrinks. But he who strives upwards finds strength and skill and confidence and enthusiasm added unto him at every step.

## HABIT

It is oftentimes just as easy to form one habit as another. Physically, mentally and spiritually most men are much alike. They have merely formed different habits and with a little shifting of the respective scenes one with routine displeasing to others might just as readily have formed better habits.

One man is plunged into gloomy misery by the prospect of spending an evening away from his books and slippers. Another is unhappy unless he has an engagement that will take him out of the house after dark unless company is coming in. Both men crave a strong reaction from the day at the office. One has formed the habit of finding it in literature, the other in activity and company. By pressing a different button, with a little persistence, each might have acquired the other's habit. The power of habit and its life-long influence are to be kept in mind not only by parents training their children, but also by adults in their own daily life.

TOMATO PROSPECTS  
AT WHITTIER GOOD

WHITTIER, May 14.—With 450 acres of land pledged to be planted to tomatoes, the Whittier Vegetable Union is preparing for the biggest season in the history of the organization. The late rains have put the soil in excellent condition and the small plants will be ready for transplanting early next month. Last year the association shipped 400 tons of this vegetable to the East, with prices ranging from \$18 to \$45 per ton. It is predicted the maximum price this year will be a little in advance of last year.

The City Trustees met Tuesday night and opened the bids. The John M. Gardiner Company of Los Angeles was the lowest bidder, with an offer of approximately \$70,000 for the reservoir, pipe lines and pumping plant, the three principal items in the system.

After a short business session, Miss Van Dam of the Deaconess Home in Los Angeles gave a comprehensive talk on the work done by the Home Missionary societies of the M. E. church. The talk was illustrated by a map showing the location of the various institutions connected with the church. Miss Van Dam helped organize the local society last October. ## Old Friends Were Guests

Mrs. G. M. Atwood of Orange was hostess on Tuesday to several former Longmont, Colorado, friends, having the pleasure of entertaining them all day at her beautiful home.

A delicious four-course luncheon at noon with the afternoon given over to fancy work and conversation, passed the day all too soon. Those who were Mrs. Atwood's guests were Mrs. George Ash of Delta, Colorado; Mrs. C. M. McCamey, Mrs. Thomas Ash and Miss Annie Ash of Santa Ana.

## Word From the Sissons

Word has been received here from Mr. and Mrs. H. O. Sisson, who are touring the world. A letter written a month ago under date of Tiberias, Syria, said they were having a most enjoyable tour. They are accompanied by their daughter Dorothy and will be absent several months.

The Sissons will be remembered here as long-time residents of Santa Ana and former owners of Orange County Business College. They invested largely in Imperial Valley lands, which they sold for a fortune after living in that sun-kissed region for a few years. After selling their Imperial Valley property they decided to go round the world before settling down.

## CHARMING SUPPER

Miss Marjorie Shaw Hostess for Bevy of Younger Society Girls at Pretty Event

A most charming affair was the supper at which Miss Marjorie Shaw was hostess yesterday afternoon. Miss Shaw received her guests from 4:30 o'clock in the beautifully decorated L. L. Shaw home, where sweet peas, carnations and roses, lovely and fragrant, were employed in carrying out a pink color motif. Assisting her were her mother, Mrs. L. L. Shaw; Miss Faith Shaw and Mrs. Ted Shaw.

The inviting and handsomely appointed supper was served at 6:30 o'clock on three long tables centered with pink sweet peas in brass baskets. Each plate was marked with a place card hand-painted with a pink rose design, and fragrant sweet peas were scattered over the cloth. Covers were laid for the charming young hostess; Misses Esther Van Hynning, Eunice Jones, Lena Jones, Leona Shemake, Florence Breckenridge, Esther Holbrook, Ruth Schroeder, Mrs. Cranston, Miss Faith Shaw and Mrs. Ted Shaw.

## Bandick-Ralph

Accompanied only by a few close friends, Miss Neva Ralph, daughter of the superintendent of the S.A.V.I. Co. and George Bandick, son of Mrs. John Bandick of North Main street, Orange, were quietly married yesterday morning at 10:30 o'clock, in Orange. The wedding ceremony was pronounced by Rev. John Kogler, pastor of the German Lutheran church, the young couple plighting their vows at the Lutheran parsonage.

The attractive bride was handsomely gowned in white silk crepe de chine and wore a picture hat with softly falling white plumes. She was attended by Miss Tillie Bandick, a sister of the groom, and Miss Rosa Krueger.

A delicious wedding breakfast served in two courses was spread at the home of the bride's parents, 225 South Cypress avenue, where the bridal party went immediately after the ceremony. Many gifts, both costly and beautiful, were showered on the young couple, who left soon after the breakfast for a brief honeymoon trip. The bride wore a smart going away costume of wistaria silk poplin with all accessories matching. Mr. and Mrs. Bandick motored to Santa Ana, from where they took passage on the Pacific Electric for Los Angeles and a sea trip, going to Catalina Island. On their return they will be at home on West Palmyra avenue, later building a home on Tustin avenue.

The bride has been the recipient of many pre-nuptial courtesies, the latest of these being a shower at the Grand avenue home of her sister, Mrs. E. A. Kuechel, where twenty-five guests were present and where many lovely gifts were presented. She has grown up in Orange, where she attended the high school.

The groom is a native son, born and reared in Orange, where he graduated from the Lutheran school. He is the manager of the George Dierker ranch, Mr. Dierker being his brother-in-law. Both young people are well known and liked, and will receive the good wishes of a host of friends.

## AMUSEMENTS

The "standing room only" sign, if one were allowed to use it in a Santa Ana theater, would have certainly been used at the Lyric Theater last night when that celebrated masterpiece in five sections, "Loyalty," was presented to the largest and most appreciative audience that ever attended a photo-play theater in Santa Ana. Two shows were given and it was estimated that from three to five hundred people could not gain admittance.

"Loyalty" was even greater than had been advertised and many words of praise and astonishment as the story progressed were heard all through the house. Then there were two high-class comedies which were certainly above the average—and the music well, Irving Doyle, that King of Ragtime and Classical Music, covered himself with glory in the rendering of special selections. All in all it was a dollar attraction in New York at a popular price in Santa Ana.

The last chance to see this masterpiece of the moving picture art is at 6:45 and 8:45 tonight and those who want to see the prettiest picture ever made should make arrangements to attend the first show and at the same time be there early as the shows start promptly as advertised.

## At Clune's

A bill of unusual merit has been secured by the management of this leading theater. Special attention is called to two high-class vaudeville numbers: The Tyrrells, who are tango dancers de luxe, and the Kimball Brothers, those two messenger boys. In addition to this good show in itself there is the sixth installment of that intensely exciting and picturesque picture, "The Adventures of Kathlyn." "Just a Note" (Lubin), comedy. This note causes a lot of trouble for several individuals, both white and colored; also several funny and complicated situations, the working out of which is very interesting. E. W. Sargent is the author and Arthur D. Hotelling directed it. The acting, in the main, is well done.

"She Wanted a Count" (Lubin), comedy. This comedy is on the same reel with "Just a Note." It is quite amusing and interesting, although it contains impossibilities and inconsistencies galore. It goes with a snap and gets over for hearty laughs. "A Model Young Man" (Vitagraph), comedy. Sidney Drew gets hold of the observer's funny bone in this offering, taken from a story by Jacques Futelle. He plays the part of a sporty young man who goes broke and receives a morning call from his sweetheart and her aunt. He has been out the night before and the comedy work is quite laughable. The photos are clear and the production pleasing.

## Princess Theater

Wonderful Mammoth Cave pictures and lecture drew a packed house last night and everybody enjoyed the splendid lecture, movies and special music. Dr. J. Arthur Cole, the cave hunter, is a good talker and has the happy-go-lucky way of entertaining and the cave pictures are both educational and amusing. The usual program of photo-plays are up to date, in all a big double show, as advertised. Tonight is your last chance to see Beautiful Mammoth Cave. Bring the school children. They study Mammoth Cave in all public schools, both in Europe and America. Come early. Two shows, 6:30 and 8:30.

## WINGOOD DRUG CO. IS GOING TO MOVE

Wingood's Drug Store, for years located at 310 East Fourth street, will in a short time occupy the store now used by the Kanton Grocery on the corner of Spurgeon and Fourth, who will vacate in a few days.

In order to lessen the work in moving, Wingood's Drug Store will sell all drug store sundries, such as hot water bottles, soaps, tooth brushes, toilet articles, stationery and all art goods at prices that will be very attractive. Patent medicines will be sold at regular prices. Every other article in our store will be sacrificed. The public will be benefited by this sale and we would advise those who are looking for a saving in the goods we carry, to give this their early attention.

Remember we have been in Santa Ana for years and our goods are and always have been as we represented them.

"Come in and help us move!"

SAN FRANCISCO, May 14.—The city of Santa Cruz, its various pleasure resorts and its new \$165,000 municipal pier, now under construction, may be boycotted by organized labor of the state, declared John A. O'Connell, secretary of the San Francisco Labor Council, after returning with Olaf A. Tinnio, secretary of the State Building Trades Council, and some other labor leaders from the seaside city. They said that the Los Angeles contracting firm which is driving the piles for the pier is paying less than union wages for the work.

## BUBONIC PLAGUE AMONG SQUIRRELS DECREASES

The inspectors treated 1,922,476 acres to rid them of ground squirrels.

## RIVERSIDE'S HEAVY ORANGE SHIPMENTS

RIVERSIDE, May 14.—The heaviest shipments of oranges within six weeks were those made from the Riverside district the past week, this being due to a desire on the part of grove owners to dispose of the fully ripened fruit without taking further chances for better prices. ## HOUSES SCARCE IN NEWEST KINGDOM

DURRAZZO, Albania, May 13.—Albania, the latest addition to the civilized nations of today, is starting out with at least one of the most conspicuous marks of modern civilization, namely, the high cost of living. ## LAND LEASING PLAN MAY GO TO VOTERS OF STATE

**Los Angeles Produce Market**  
Coincident with an increasing scarcity of Mexican tomatoes, the first shipments of the product are reaching the local market from the Imperial valley. Although a few of the tomatoes from that region had already been received, the first considerable consignment—fifty crates in all—came yesterday. Dealers believe that Mexican tomatoes will henceforward not be received in quantity, as a great deal of difficulty attends the work of getting the fruit to market in this country, and when it arrives it is not always in the best of condition. Nevertheless, Mexican tomatoes command a small premium over the Imperial Valley product, being quoted at \$2.35 a crate, against \$2.00 to \$2.25 in the case of the latter. It will not be long until large quantities of tomatoes from the valley and from local sources will be received.

New potatoes are ruling rather easy, at 60 to 70 cents a bag. Receipts are liberal. All spuds are rather inactive and scarce. The Oregon product is quoted at \$1.65 a hundred. Asparagus is arriving in carload lots, and sells at 3 1/2 cents a pound, the lowest price for several seasons. Some of the "grass" is even reported to be selling at lower prices. Summer squash is at 60 to 65 cents, a moderate rate for this time. Corn is bringing around 50 cents a dozen, and is gradually becoming more plentiful.

About twenty-five crates of cantaloupes—"ponies" and "specials" were received by one firm in the past two days. Tuesday the ponies brought \$7.50 a crate, but Wednesday the price was reduced to \$5, while the specials sold at \$2.50. This is the first shipment of any size from Imperial Valley, where a great season will soon be in full swing.

We want to rent our store room, giving possession June 15th. A dandy location, one-half block from Fourth and Main. Some fixtures and shelving for sale. June Designers are here. Bring in your cards.

We have leased the building now occupied by the Santa Ana Book Store, corner of Fourth and Bush and about June 15 will move our stock to that location. When we came to Santa Ana last fall we felt that we were locating in the very garden spot of this glorious Southland and we are now fully convinced that we made no mistake. Our business has so far exceeded our expectations that we must have more room and we are sure that in our new room that we will give the good people of Santa Ana and Orange county far better service than we have been able to in our present location. Now to business. We don't want to move anything that we can sell and to push the selling to the limit we are going to begin at nine o'clock Friday morning, May 15 our BIG RED TAG REMOVAL SALE, which will be the greatest sale by far we have had and give everybody a chance to buy more first class merchandise for their money than they have been able to for many a day. We are not going to take any more of your time in talk, but get right down to business with prices. Read every word of this ad and then "Come in and be shown."
